Michel Plaisance

Translated and Edited by Nicole Carew-Reid

This collection presents eight articles by one of the most influential scholars of fifteenth- and sixteenth-century Florentine culture. With insights into the relationship between artistic creativity, social realities, and political intentions, they have had a profound effect on the scholarship of Renaissance Italian literature, spectacle, and culture. Originally published in French, Plaisance’s essays are now accessible to the English speaking world through Nicole Carew-Reid’s translations.

“Michel Plaisance was one of the first to make extensive use of unpublished chronicles in the Florentine library to study religious and secular public display. His articles will be of particular value to students and practicing researchers.”

-- Nerida Newbigin, University of Sydney
